# Medicare Supplement Resource Guide for Producers Plan Year 2019

Division of Health Care Service Corporation, a Mutual Legal Reserve Company, an Independent Licensee of the Blue Cross and Blue Shield Association

# Before we get started...

This reference guide focuses on changes to the Medicare Supplement product line, as well as updates to various processes for Blue Cross and Blue Shield of Illinois (BCBSIL).

Our new product rollout and system upgrades impacts several areas of our Medicare Supplement line of business, including product, application, enrollment, billing and service, which are documented here. This guide covers details about new plans as well as the future of our existing line of Medicare Supplement plans ("legacy" plans\*).

The information in this guide is current as of April 15, 2019. It is subject to change based on subsequent federal and state laws, regulations and guidance.

The content in this guide is for informational purposes only. It does not constitute legal, compliance or tax advice.

The content in this guide is proprietary information and is intended for contracted and appointed producers of BCBSIL. It should not be shared with members or prospects. This guide is for training purposes only.

\* Throughout the guide, we reference "legacy" plans. These are Medicare Supplement plans with effective dates prior to May 1, 2019.

# New Product Line Benefit Highlights

### **Household Discount**

- The Household Discount is only available for members applying for one of the new Medicare Supplement plans. It is not available to those with legacy plans.
- This discount is 3% of the monthly premium. The discounted premium will be displayed in the bill/invoice.
- To qualify, the applicant must live with a member who is also enrolled (or if applying at the same time, will be enrolled) in one of the new Medicare Supplement plans.

- The Household Discount is not a rating determiner. If the applicant qualifies, the discount is applied post rating after validation.
- If an applicant receives the discount and leaves the household, the discount still applies.
- Producer compensation is based on the premium after the discount is applied. See page 27 for details.

### **Medicare Select Availability**

- A reduced premium Medicare Select option may be available, depending on the location.
- Eligibility is based on zip code. Applying online allows you or your client to know immediately if the client is eligible.
- The client must live within the range of participating Medicare Select providers to be eligible.

### Blue365

- Blue365 helps members live healthier lives by providing educational information and discounts on health and wellness products and/or services with discounts including:
  - Diet and Weight Control Programs
  - Elder Care Support Resources
  - Laser Vision Correction Services
  - Other Weekly Special Deals
- No claims to file, no referrals and no additional fees to participate.
- Members are responsible for discounted costs associated with Blue365. Visit Blue365deals.com for more.

## **Prescription Drug Plan (PDP) Updates**

- Blue Cross MedicareRx goes beyond original Medicare to offer coverage for prescription drugs.
- The Basic Plan has its own formulary. The Value Plan and Plus Plan share the same formulary.
- Walgreens<sup>®</sup> is a preferred pharmacy.
- CVS Pharmacy<sup>®</sup> and Walmart<sup>®</sup> remain standard pharmacies.
- Access to 60,000+ pharmacies nationwide.
- Producers must be certified to sell PDP.

### **TruHearing Benefit**

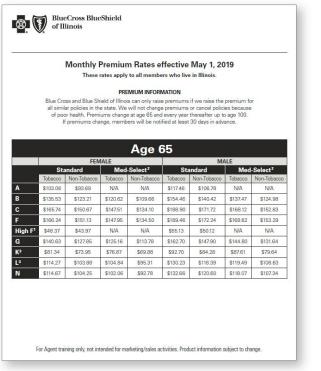

- Some plans provide a hearing allowance to use towards a hearing aid purchase.
- Exclusive hearing aid program that sells quality instruments at a guaranteed price.
- Choice of over 90 different models of hearing aids from five leading manufacturers, with each hearing aid purchase including:
  - 3 provider visits for fitting and training
  - 48 FREE batteries per hearing aid
  - 3-year manufacturer's warranty on repairs as well as loss and damage
  - 45-day money back guarantee

# **TruHearing**<sup>®</sup>

# Advantages of Blue Medicare Supplement

- High member approval rating
- Freedom to choose your own doctors: doctors who accept Medicare also accept our Medicare Supplement plans
- Select Plans available
- Travels throughout the United States (no notification required)
- TruHearing discounts available
- Blue365 member education and discount program included
- Basic, comprehensive and cost-sharing plans available

# New Rates

BCBSIL Medicare Supplement monthly premium rate booklet is for policies effective May 1, 2019 and after. Rates are based on age, gender and tobacco use. Rates do not include household discounts.

# New Rate Determiners

For many applicants, the new Medicare Supplement products will provide lower premiums compared to legacy products with the same coverage. That's due primarily to the new rating rules we've implemented.

### Gender

- Gender was always included in our Medicare Supplement applications but was not a rate determiner.
- When applicants apply for new Medicare Supplement plans, gender will now be used to determine rates.

### **Tobacco Use**

- Tobacco use is a rate determiner for the new Medicare Supplement plans. The tobacco use question will appear on every online and paper application.
- Applications won't be processed unless applicants answer the tobacco use question.
- One way to determine if you are using the correct application for legacy or new plans is if there is a tobacco use question. If the enrollment application includes a tobacco use section, you are applying for a new Medicare Supplement plan.

# **Application Updates**

- You can quote and apply for a **legacy** Medicare Supplement plan before April 29, with an effective date prior to May 1. Legacy plans are not available for new enrollment beginning May 1.
- You can quote and apply for a **new** Medicare Supplement plan beginning April 29 with an effective date of May 1 or later.
- See the Applying/Enrolling section on pages 11-16 for details.

# Service Upgrades

- Members enrolling in new plans will be managed on a new membership system, which allows us to streamline administration processes.
- Existing members keeping their legacy plans will remain on our legacy membership system for the near future, but there are plans to transition them to the new membership system at a later date.
- See the Service section on pages 19-21 for more details.

# Legacy Products

• Members can keep their current legacy Medicare Supplement plans.

- There is no outreach planned at this time to market the new plans to legacy plan members.
- Producers of record can determine if their clients would benefit by moving from a legacy plan to a new plan.

# 2 Applying/Enrolling

# **Application Changes Overview**

- From now up to April 29, a consumer can *submit* an application for a LEGACY Medicare Supplement plan. If the effective date is prior to May 1, you must *apply* for a LEGACY plan.
- Beginning April 29, a consumer can *submit* an application for a NEW <u>Medicare Supplement plan</u>. If the effective date is May 1 or later, you must *apply* for a NEW plan.
- After May 1, please destroy printed legacy applications or delete these applications from digital devices.

### **Access and Submit Correct Paper Application**

- If you or your client must use a paper application, it's critical that the effective date corresponds to the correct form. Submitting a legacy application for effective dates of May 1 and after may result in your client not receiving coverage.
- One way to tell the difference between a legacy plan application and a new plan application is if there is a tobacco use question. The tobacco use question only appears on applications for new plans.
- Every paper application has a form number on the bottom right of every page. Make sure the code on the application matches the effective date.

# Application Updates (continued)

### Not Accepting BCBSIL Plan Change Form

• The BCBSIL Plan Change Form will not be accepted at this time. If your BCBSIL client decides to move from a legacy plan to a new plan, the client must complete a new application and answer rate determiner questions. We may reinstate the BCBSIL Plan Change Form in the future.

### **Application Submission by Deadline Discount**

• In the past, if we received applications by a deadline date, we could honor the previous year's rate or discount the first month's premium. We can't implement this discount at this time, but we may reinstate it later.

### **Applying Online Versus Paper**

- If you help your client apply online via the Retail Shopping Cart or the Plan Select & Enroll tool on <u>Blue Access for</u> <u>Producers</u><sup>SM</sup>, the effective date entered determines the plans available (legacy or new) and populates the required fields. For example, if the desired effective date is June 1, you will only have the option of applying for new plans. With online enrollment, you don't have to worry that you are completing the wrong application.
- If you develop a digital quote using the **Retail Producer Portal**, the client goes to the Retail Shopping Cart after they click on the links in the quote. The correct plans and application display based on the quote's effective date.
- Trying to determine the correct application to use is only necessary for paper applications; legacy paper applications cannot be used for new plans.
- If the desired effective date and application form do not match, we begin an outreach process. If it's not resolved, the application may be withdrawn.

# Changes When Applying Online Via Retail Shopping Cart

We strongly recommend applying online versus submitting "paper" or PDF applications. There are fewer errors and shorter turnaround online applications.

There are several ways to get to the Retail Shopping Cart. On visit the BCBSIL's Medicare Supplement Options webpage an blue "Get a Quote & Apply" button.

### **Shopping/Quoting Changes**

In May, you'll see the following changes to the Retail Shopping Cart:

- On the "census" screen, "Use Tobacco?" will be included and must be answered to move to the next step.
- Users can click on the question mark next to "Use Tobacco?" to get more information about what qualifies as tobacco use.
- Your client may be eligible for Medicare Supplement Select Plans. Entering the entire physical address (see the following page) determines if the user is eligible.

## Shopping/Quoting Changes (continued)

- The user must live within a certain distance from Select Plan providers to qualify. If the address provided is Select Plan-eligible, the user will see a confirmation at the top of the next screen.
- Throughout the shopping, quoting and enrolling process, there are multiple opportunities for the user to open and download either an English or a Spanish PDF file of the Outline of Coverage.

### **Enrollment Changes**

- After selecting a plan, the enrollment process begins. Note that the Medicare Beneficiary Identifier number is required.
- Applicants have the options of applying for the Household Discount. The user should submit the qualifying household member's name and policy number. If household members are applying at the same time, the policy number is not required. See page 5 for more details about the discount.
- In the Payment section, bi-monthly payments are no longer available. See pages 17-18 for details on all billing changes.

# Household Discount You may be eligible for a household discount if at least two members reside in the same household and are enrolled in a BCBSIL Medicare Supplement Insurance Plan effective on or after April 1, 2019. Are you eligible for the household discount? Yes No If yes, provide a qualifying household member's information (optional): First Name Last Name

# Changes When Applying Online Via Blue Access for Producers

- You can complete a Medicare Supplement enrollment application online via <u>Blue Access</u> <u>for Producers</u>.
- We strongly recommend applying online versus submitting "paper" or PDF applications. There are fewer errors and shorter turnaround times with online applications.
- After logging in, select the Medicare icon and choose the Plan Select & Enroll tool.
- The online application process via Blue Access for Producers is similar to the Retail Shopping Cart application process.
- If you choose an effective date of May 1 or later, you'll see these changes to the online application process:
  - Required tobacco use question
  - Request for specific address data to view Select Plans where available
  - Apply for household discount
  - View English and Spanish versions of outlines of coverage in PDF format
  - Bi-monthly billing/payment option removed

# 3 Billing & Payments

# Billing Changes

- Reminder: Applicants may select a billing date from the 1st through the 28th of the month.
- Applicants of new plans can choose their billing frequency:
  - Monthly
  - Quarterly
  - Semi-annual
  - Annual
  - Note that bi-monthly billing will not be available to members of new Medicare Supplement plans with effective dates of May 1 or later.
- Members of new plans can choose from the following payment channels to submit their premiums:
  - Automated electronic withdrawal (see link to authorization form on the next page)
  - Check by phone (see contact numbers and hours of operation on page 28)
  - Payment through the member's bank
  - Mail-in check (members should use the mailing address on their invoices)

# Helping Members with Automatic Bank Draft Payments

- Help members pay their bill on time, every time with automatic bank draft payments.
- We're encouraging members to set up automatic bank draft payments for their ongoing premium payments.
- It's convenient, safe and hassle free and helps members stay covered.
- Download the <u>BCBSIL EZ Blue Payment Option Authorizations form</u> and send to your client.

# Billing Delinquencies

- If a legacy plan is canceled due to billing delinquency, the member can reinstate the same plan as long as the full premium payment needed is received within 60 days of the termination date, which also means no gap in coverage.
- If the legacy plan is canceled due to non-payment of premium, and the member is within the 60 day reinstatment period, but does not want to pay the premium needed to reinstate the legacy policy, the member will need to re-enroll in a new Medicare Supplement plan. In

# 4 Service

# New Membership System

- In a continuous effort to streamline processes and better serve our customers, members enrolling in new Medicare Supplement plans will be placed in a new membership platform.
- Members with legacy Medicare Supplement plans will remain on the current membership system. In the future, we will move these legacy members to the new membership system.
- Depending on your client's plan (legacy or new), they will have slightly different enrollment and service experiences. Communications, payment options and application processing will be different.

# Producer Call Center

- Our producer call center supports Medicare Supplement sales and service questions and concerns.
- Producer Advocates can provide details about member communications and help support you on an array of other service issues. See page 28 for contact information.

# Producer Access to Member Communications

- We will no longer mail physical copies of member letters to the producer of record.
- As we focus on moving new Medicare Supplement members to a new membership platform, digital copies of member correspondence are not yet available via the Retail Producer Portal. We are working to provide producers with digital copies of member correspondence via the portal. Producers with clients enrolled in legacy plans will continue to see those members' correspondence in the portal as they do today.

# Request for Missing Information Process

- Applications go into pend status when:
  - The application is not completed properly. (Note that applying online helps avoid mistakes and reminds users to complete all fields.)
  - The wrong application is submitted: If you submit a legacy application for new business, the application may not be processed. See the pages 11-12 on selecting the correct application.
- Below are the outreach steps taken when an application is missing information.

### **Missing Information Outreach Steps by Enrollment Team**

- 1. Gives Producer of Record (POR) or applicant a courtesy call regarding missing information
- 2. Pends application for 3 days

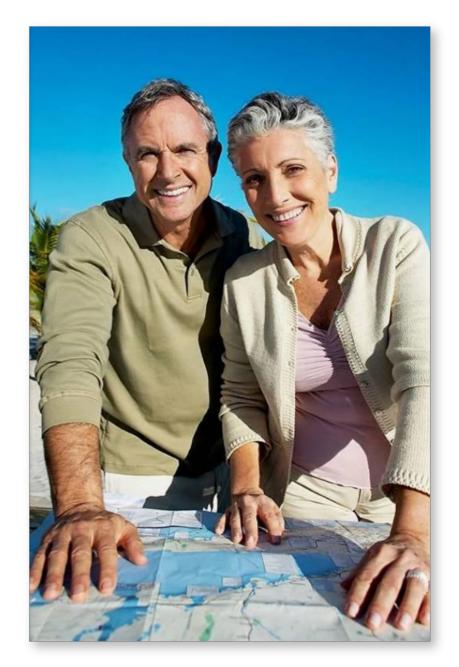

If information is still missing:

- 1. Calls POR or applicant about missing information
- 2. Mails applicant request letter
- 3. Pends application for another 10 days

### If information is still missing:

Mails applicant withdrawal letter, resulting in no coverage for applicant.

\* Note that while the timeframe to respond to missing information requests is roughly 15 days, if the POR or the applicant provides information during this time, the application will pend for additional time to allow for processing.

# Member Materials

- Once the enrollment application is processed, we mail plan fulfillment kits and ID cards to the new member within 10 business days of enrollment approval.
- Fulfillment kits and ID cards are sent separately, via priority mail.

# Members of Legacy Plans Choosing New Plans

Members enrolled in legacy plans may decide to choose one of our new plans. Here are some important items to remember:

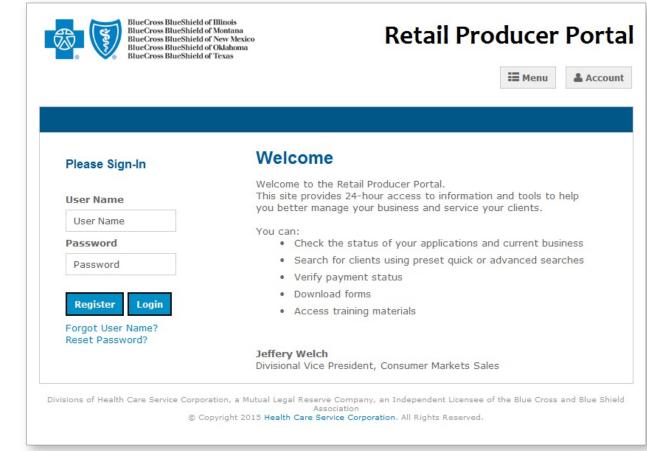

- Members enrolling in a new plan will receive a NEW MEMBER ID CARD and NUMBER. The ID card and number from the legacy Medicare Supplement plan will be deactivated.
- Members who transition from a legacy plan to a new plan will receive a new member fulfillment package.
- If you use the Retail Producer Portal or Blue Access for Producers to track your clients, you will have two different client files for the same member, one with the legacy plan ID and one with the new plan ID for a period of time. In addition, your commission statement will reflect both member accounts for the same client.
- Our enrollment specialists will try to keep the same premium billing due date for members who transition from a legacy plan to a new plan.

# 5 Retail Producer Portal

# Retail Producer Portal Reminders

- The <u>Retail Producer Portal</u> is a comprehensive business management and client service tool. The portal enables you to design and deliver quotes, direct clients to the enrollment process on the Retail Shopping Cart, manage prospects and serve and support active clients with a host of features.
- If you don't use the portal for Medicare Supplement business, learn about the tool, including how to register, in our <u>Retail Producer</u> <u>Portal Guide</u>. Though the guide focuses on how to use the portal for our retail under-65 market, many of the same features can be used for your Medicare Supplement business, including quoting.
- If you use the portal for Medicare Supplement business, there are some changes that you need to know about, which are detailed beginning on the next page.

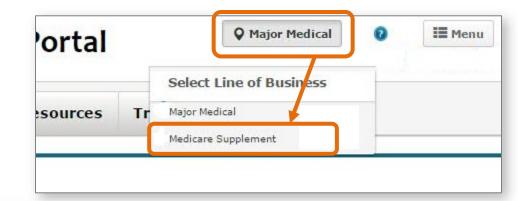

# Minor Changes to Quoting

After logging in to the portal, make sure you're quoting Medicare Supplement business. Check the line of business indicator located on the top right of the display window. If the display shows "Major Medical," click on it and select "Medicare Supplement."

# There are a few changes to the Retail Producer Portal Medicare Supplement quoting process:

- If your client is interested in Medicare Select Plans (indicated by selecting "Yes") a full address is required so that eligibility can be determined and Select plans are displayed.
- The Applicant's Name is now required. Note that the name entered here will be used in quotes and saved proposals.
- We've added a Tobacco Use question.
- Note the green "Continue" button *will not appear* until all required fields are complete.

# Changes to Application Pathways

After submitting the applicant information, plans will display. You can:

- Send Quote. The Send Quote process is the same as before. When your clients receive your digital quote and click on links in the quote, they are directed to the Retail Shopping Cart where they can continue to shop and enroll. Your information is captured with the use of the quote link.
- Apply for This Plan. As the produce if you select "Apply for This Plan," you can choose to complete online enrollment via the Retail Shopping Cart or download and complete a paper application.

Note that saved proposals will expire 18 months after no activity and quotes will expire after 90 days.

# Changes to the Retail Producer Portal

# **Applicants/Members of New Plans**

For applicants/members of new plans, some correspondence, payment and application data will be unavailable.

- As we focus on moving new Medicare Supplement members to a new membership platform, digital copies of member correspondence are not yet available.
- Some applicant information will be unavailable:
  - 1. PDF of the completed app
  - 2. The "Decision" display
  - 3. The app withdrawal date
  - 4. Email address and cell phone number (once the applicant becomes a member, all contact information will be available)
  - 5. If there's a rate change, the reason won't display but the rate amount will display

# **Members of Legacy Plans**

• Producers with clients enrolled in legacy plans will continue to see those members' correspondence in the portal as they do today.

## Members Moving from Legacy to New Plans

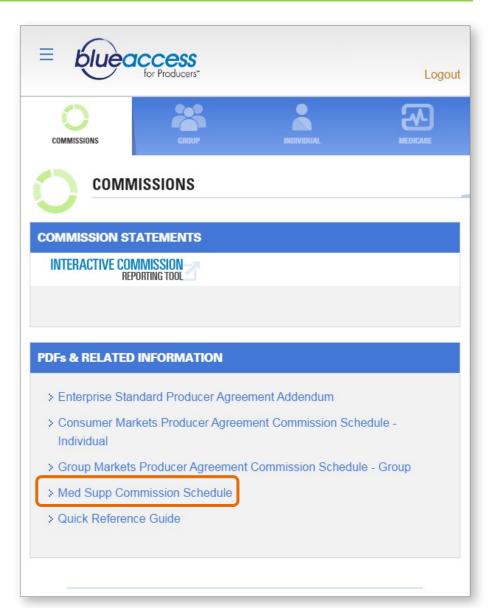

• Members who move from a legacy plan to a new plan will appear in the portal twice as we transition Medicare Supplement members to a new membership system. You will have two different client files for the same member, one with the legacy plan ID and one with the new plan ID.

# 6 Commissions

### **Compensation Schedules & Commission Statements**

- There are no changes to Medicare Supplement commission rates.
- Medicare Supplement compensation schedules will state that commission rates will be applied to premiums after a household discount is applied to those that qualify.
- For members who transition from legacy plans to new plans, you may see a client listed twice on your commission statement: once with the legacy group plan ID and again with the new group plan ID. This is temporary until the legacy group plan ID numbers transition off of commission statements.
- You can find the Medicare Supplement Commission Schedule by logging in to <u>Blue Access for Producers</u> and selecting the schedule in the **PDFs & Related Information** section.

### **Reinstatements, Re-enrollments & Reinstatements**

- The producer is paid according to the original effective date as detailed in the Medicare Supplement commission schedule.
- Reinstatements, re-enrollments, plan changes and replacements (with or without a gap in coverage) are not considered new or first year sales.
- Reminder: A replacement policy is considered a renewal for commission purposes. Replacements include moving from a legacy plan to a new plan or moving from a plan with another insurer to a BCBSIL plan.

### **Household Discounts**

- Consumers can apply for a household discount (a 3% discount off the premium) when enrolling in new Medicare Supplement plans.
- The household discount is not available with legacy plans.
- Compensation for Medicare Supplement policies is based on the premium.
- If members qualify for the household discount, compensation will be paid on the new discounted premium. Commission adjustments will occur the month subsequent to the change.
