

Central is proud to announce our new partnership with Cyberscout, a leader in comprehensive cyber protection. Cyberscout protects identity and data while providing recovery support for members impacted by hacking, breaches, identity theft, and other cyber incidents.

In addition to Central's existing cyber coverage, personal and commercial lines policyholders will now receive access to a range of features, including:

[Personal Lines \(click here!\)](#)

- ID Restoration Online
- Personal Cyber Claims

[Commercial Lines \(click here!\)](#)

- Business Breach Fulfillment Support
- Business Credit Monitoring
- Business Dark Web Monitoring
- Business ID Restoration Pro
- Business Incident Response Forensics
- Commercial Cyber Claims
- Report & Score

There's no charge for this service. Cyberscout has begun sending policyholders a message alerting them it's time to sign up. If they fail to register, they will receive additional email reminders. Once registered, policyholders will receive a welcome email, a monthly activity report, breach and fraud news, and a monthly fraud summary newsletter. Central will also send communication to policyholders about Cyberscout this week.

These expanded benefits represent another way Central collaborates with our agents and partners to enhance value and enrich policyholder relationships. With millions of Americans impacted by cyber threats and identity fraud each year, we're committed to protecting those who place their trust in us.
